Mr. Bloor Gives an Interesting Review of the Situation There.

DEMOCRACY IN THE SADDLE

Republicans Are in a Poorly Organized Condition.

Interesting Talk With Lindsny R. Rogers, Republican National Committeeman-Predicts That in the Event of Republican Success, Arthur Brown Will Succeed Himself -The Legislative Ticket Analyzed -Glasmann's Bad Break-That Attack on Dan Hamer.

year. Ever since the division on party lines this county has been Republican Last year the total registration was 5,005; the total vote 4,055. Of the votes polled Wells, for governor, received 2,048, Caine 1,719, and the balance went to the Populist candidate, Henry W. Lawrence, or were thrown out for cause. The average Republican majority was 225, and on that basis the political manipulators are this year figuring. Here I find a united Democratic party, while its opponent is just recovering from a strife which all but disrupted it and which has left it in a poorly organized condition. It is expoorly organized condition. It is ex-pected that the total registration this year will very nearly reach 10,000; of that number it is estimated that 8,000 persons will exercise the franchise. Judging from what posted Democrats have told me and from what the re-ognized Republican leaders concede, the Bryan electors will receive about 6,000

On account of the silver champion's strength very little attention is being paid to national politics, but the fight on the state, legislative and county on the state, legislative and continued in the state, legislative and partisans on each side are casting principle to the winds and are battling for spolls. He is by all odds the smoothest political manipulator in Weber, He is the

sistance of the Hanna contingent they would not be able to secure office. An independent ticket was out of the quesindependent ticket was out of the question, so an overture for a conference was eagerly entertained. This conference resulted in the appointment of a harmony committee, each fixedon to have equal representation. All the political fighters of the Republican party were on the committee, and while one faction caucused in one room, the other caucused in another. Every proposition was debated pro and con. After hours devoted to discussion the compromise habe was born. At its christening it was resolved that the primaries should be conducted on the old lines and an equal distribution of the offices be made in the convention. This agreement was carried out and the result is a tleket composed of gold bugs and Bryan silver men.

Rinley-Brown men and that the others, A. B. Patton and J. A. Cardon, are for silver uncompromisingly.

The Democratic nonliness for the legislature are L. W. Shurtliff and Daniel Hamer for the senate and Angus McKay, of Huntsville, Mrs. Dr. Anderson, John M. Perkins and W. L. P. Peyton. They are in thorough accord with the principles of their party and while the ricket is not the strongest that the party could have named, it is believed that the candidates' position or sliver will pull them through by good malorities.

BUFFALO BILL'S BAD BREAK.

Yesterday the Standard, Bill Glasmann's paper, sent joy pulsating through the hearts of every person in this village who takes any interest in politics by announcing that as "both the Democrates and Republicans have put up a ticket with some goldbusg on each clicket," it would be impossible for it to support ether ticket as a whole. now court stenographer, authorized me to quote him as saying that he was a silver man who were the Chicago convention brand; that for three years past he had been for the free and unlimited coinage of silver without the consent of any other nation on earth; that his silver views were so strong that he had entered last year into a contract with a friend in which he agreed if the Democratic party refused to recognize silver this year that he would forsake it for any other party that did, and that he was confident that his running mates on the ticket were as loyal to silver as he was.

THE ATTACK ON HAMER.

Mr. Meighan snapped his fingers, which I took for a part of his reply, for the sound had not subsided when a subsided when a sound had not subsided when a sound had not subsided when a subsided when a sound had not subsided when a sound had not subsided when a sound had not subsided when a subsided when a sound had not subsided when a subsided when in sound had not subsided when a subsided when a subsided when in subsided when a subsided wh

tain fees should be paid into the country or the territorial treasury, and the controversy gave his political enemies an opportunity to denounce him as a spolisman, who looked upon a public trust as a private treat. The supreme court has since decided that Mr. Hamer was right, but just the same the old fight has been revived since Mr. Hamer's nomination for the legislature and his opponents are confident that they will be able to cause his defeat at the polis. During my talk with Mr. Hamer I asked him about the matter and he said that he was prepared to prove by the records that he saved to the taxpayers, of this county \$10,000 by the way he conducted the affairs of his office and that where the fees were collected they were from delinquent foreign taxpayers who had no interest in the county save that which their holdings gave them. As the matter is to be made an issue Mr. Hamer is going to personally prove, on the stump, to the taxpayers, the injustice of the charges made against him.

PEYTON IS COLLARLESS.

Colonel W. L. P. Peyton, who does not yet know how he came to be nom-inated, declared that he was a 16 to 1 nates, declared that he was a 1s to isliver man, who wore no man's collar nor no political clique's brand. "I have always been a Democrat," said he, "and received my political education in old Virginia, but I was ready to forsake the party this year if it did not do something for silver. I will not, if elected to the legislature, vote for any man to succeed Senator Brown who is not a silver man and who does not consider silver the paramount is-

would not vote for any man for the United States senate who is not sound on the silver question. "I am," said OGDEN, Oct. 7.—The Democracy is in the saddle in Weber county this plank of the Chicago platform and endorse that instrument from opening word to closing period."

> OTHER CANDIDATES VOUCHED FOR

Prominent Democrats assured me that L. W. Shurtliff, who is absent from the city, Mrs. Anderson, and Angus McKay, who is a farmer residing at Huntsville, were equally as sound on silver as are their colleagues whom

And thus is another of Bill Glasmann's political bubbles pricked with the lancet of truth. The indignation caused by the canard had some amus-ing features. One Democrat said that Clasmann once said in his hearing that Glasmann once said in his hearing that if Bryan was good enough to vote for, the rest of the ticket would be good enough for him. Another said that in the not long ago Bill emulated David Bennett Hill by dramatically exclaiming: "I am a Democrat. Henceforth I will advocate Democratic doctrine! Henceforth my pen will be dipped in ink sacred only to the holy cause of William J. Bryan!" Now the Bald Eagle of the Weber is hugging to his editorial bosom the Bryan electors and damning the rest of creation. Poor Bill! Lucky Ogden!

SILVERITES MADE MONKEYS OF.

The McKinley leaders have whipsawed the eliver Republicans at every move in the political game. They have dictated everything and the recent harmony conference, which resulted in the McKinley tall wagging the silver dog until it taught it how to bark in the proper key, is, to an outsider, one of the pealt it to be silver Republicans, I am told, fought the McKinley managers until they recognized the fact that without the assistance of the Hanna contingent they county will go for Bryan, but we expect to carry the county by the usual majority of the state, legislative and county tickets. THE ATTACK ON HAMER,

During Mr. Hamer's term as tax collector he was the object of most violent attacks by political opponents, who charged that he vas imposing upon the taxpayers by collecting exciping the taxpayers by collecting exciping the first of the bathroom. After preparing it he returned to Mr. Holbrook and conducted him to the apartment. Mr.

The head aches, the mouth tastes bad; the stomach is distressed, the liver is congested and torpid; you feel sluggish and miserable and down-hearted; the energies are completely paralyzed—all for want of a little help to regulate the stomach and bowels. What you want is Dr. Pierce's Pleasant Peliets. They will make you regular and keep you so; they act in a comfortable, natural way, not violently but surely.
